I. SCOPE OF WORK

The scope of work to be provided for the PPSC 25th Anniversary Coffee Table Book are the following:

- Conceptualization of the Visual Theme

The Coffee Table Book will chronicle the history and milestones of its 25-year existence since its establishment in the 1990s as the educational institutional for training, human resource development and continuing education for all personnel of the Philippine National Police (PNP), Bureau of Fire Protection (BFP), and Bureau of Jail Management and Penology (BJMP).

It will feature the six constitutive units of PPSC and the Regional Training Centers (RTCs) under its supervision, including their respective histories, the course offerings, and the linkages forged. It will likewise tackle how PPSC has widened its clientele to include personnel from other government agencies, private institutions and NGOs.

It will include the way forward of the PPSC, the Legacy Plan Vision 2017-2022 ACCELERATE Peace for Progress which is geared towards the development of public safety officers attuned to the changing public safety and national security environment. The coffee table book will also discuss the future of PPSC and its vision to become the premier governance public safety higher educational institution in Southeast Asia.

It will be anchored on the 25th Anniversary theme of "Accelerating Change and Transformation at 25" with official social media hashtag of #ppscACT@25.

Given that this book is first of its kind for the College, it will be launched during the 25th Anniversary itself and it will mark a truly momentous event for the PPSC.

- Design/Layout

This is part of the creative aspect of the project which involves the typography and overall look to include the design of the dust jacket, book cover, and all pages.

Approved/Disapproved:

RICARDO F. DE LEON, Ph.D.
President, PPSC
